

Did you know there is a community library  
at

## Wootton Fields

found in the Wooldale Centre for Learning?

We have thousands of books, audio books, and some of the latest DVD's to choose from.

We are a family focused library with lively Rhymetimes, Fun Clubs and Craft Events for children. Each year we take part in the Summer Reading Challenge.

We provide internet access (for a small charge), and the 'Library to You' service for the housebound is also available.

We have lots of one off events - so contact library staff for details or check out our blog on <http://blogs.ccs.northants.sch.uk/library/>

Come in and ask about being a 'Friend of the Library', or telephone for our opening hours and to see what we have to offer. Our phone number is 01604 669213.

**Come and support your local library!**
