

Dear Colleagues,

A man of scruffy appearance - in his 20s - wearing a base ball cap, a maroon zip up type jumper and blue jogging pants has been going around the village.

He is asking people if he can use their phone on the pretext of being broken down... Don't let him in or give him your mobile phone to use and please call the Police/NHW 432436 phone number should he approach you and please do it immediately.

He was in the village doing yesterday at The Cattery and apparently he tried it on in The Cock a couple of weeks ago.

He has been in T & H and the Chemist Shop just this morning at around 11.00 am... The Police in the form of Tara responded within minutes... Sadly he had gone.

I have copied this to our colleagues in nearby villages so that they can be aware.

Thanks

Bill.
