

COMMUNITY MATTERS!

Local Grange Park Businesses

Grange Park Parish Council are looking to hold a virtual meeting in November for local Grange Park Businesses and Grange Park Residents to come together to discuss how we can all work together.

The purpose of the meeting is to find out about the great work local businesses are already doing to help the Grange Park community and to discuss any concerns or areas of improvement we can all work towards.

If you are a local business and interested in attending a virtual meeting, please get in contact with the Grange Park Parish Council.

Please email: parishclerk@grangeparkpc.org

Local Grange Park residents: Further information regarding this meeting will be provided in due course.
